

WENDT USA GRINDING TOOLS

Standard Tooling

- Quick Change - Grind & finish in tight areas.
- Belts - Aggressive cutting action for all metals.
- PSA Discs - Ideal for hand-held sanders to large platens.
- Shop Rolls/Sheets - Hand and lathe grinding & finishing.
- Cartridge Rolls - Perfect for detail grinding & finishing.

Problem Solvers

- TwinPower - Bevel & grind channels.
- CornerFlex - Flexible abrasive discs for grinding corners.
- Flap Bands - Remove weld & stock on cylindrical parts.
- Mini Flap Wheels - Grind & finish tight corners.
- Ceramic Flap Wheels - Grind high nickel alloys & titanium.

Production Tooling

- Flap Discs - Longer life & more grinding versatility than fiber discs.
- Mini Flap Discs - Aggressive grinding in tight areas.
- Flap Wheels - Deburr, blend, & finish contours.
- Flap Rolls - Grind & finish large linear projects.
- Fiber Discs - Aggressive grinding for weld & stock removal.

FINISHING & POLISHING TOOLS

Surface Preparation

- **Finishing Flap Discs** - Firm cutting action, ideal for blending & grinding tool marks.
- **Interleaf Finishing Flap Wheels** - Blend scratches & lightly remove stock.
- **Surface Conditioning Discs** - Deburr & surface prep metal surfaces.
- **Hand Pads** - Hand prep, remove contaminants, and finish the work piece.
- **Rex Products** - Remove light scale, oxidation & weld splatter.

Satin Finishing

- **Non-woven Finishing Flap Wheels** - Apply a 2B matte or #4 brush finish on metal surfaces.
- **Non-woven Finishing Flap Rolls** - Impart a 2B matte or #4 brush finish on large areas.
- **HS/HD Satin Discs** - Remove micro burrs & impart a variety of finishes on unique part geometries.
- **Convolute Wheels** - Great for edge breaking, deburring & finishing.
- **Coarse Utilized Finishing Discs & Wheels** - Produce a variety of finishes on metal surfaces.

Polishing

- **Felt Polishing Flap Discs, Wheels, & Felt Polishing Cartridge Rolls** - 70% wool felt, buff, polish, obtain mirror finish when used with compounds, rouges, or paste.
- **Fine Utilized Finishing Discs & Wheels** - Produce a variety of finishes up to #7 mirror finish on stainless steel.
